

Aesthetic Injector/Provider (RN, PA, or NP)

Job Description

We are looking for an enthusiastic team player who can work cross-functionally with all other team members as well as independently. Candidate must be self-motivated, detail orientated, and have a strong passion for the aesthetic/cosmetic industry. This position requires intuitive interpersonal skills and a positive mindset. Candidate must have the desire to succeed and add value to our practice. Must be dependable, flexible, reliable, motivated, and punctual.

Responsibilities

- Consult with and develop appropriate treatment plan based on patients' desired outcome and patient specific needs
- Documents Aesthetic Medical Evaluations (AME's) in relation to patient's qualification or contraindication for services based upon medical history.
- Thoroughly reviews treatment consents and obtains signed consents for procedures from patient.
- Maintains patient medical records detailing all treatment procedures, products, medication history, and educational materials received.
- Obtains pre and post photography of patients.
- Collaborates with marketing and social media coordinator to build pre and post procedure gallery
- Delivers care in accordance with mutually agreed upon guidelines that are developed by the physician and aesthetic injector/provider and based on the physician's delegation.
- Addresses complications of services provided in a timely manner and educates all patients on signs of treatment complications, steps to take in the event of a complication, and how to contact clinic staff after hours about complications.
- Possesses extensive knowledge of signs of treatment complications as well as ability to follow protocols for treatment complications.
- Stay up to date on all products and services so you can answer patient questions and make optimized recommendations
- Ensure the highest level of client satisfaction, providing quality service and always following protocols

- Coordinates any correspondence to patients regarding their skin care treatment plan, product usage, or home care instructions.

Education

1. High School diploma
2. Minimum of one year of experience in aesthetics as an RN, PA, or NP is highly preferred
3. Graduate of accredited nursing program; Holds a current license in the state of ND

OR

Graduate of accredited Physician Assistant or Nurse Practitioner program; Holds a current license in the state of ND
